I submit this letter to the Lac du Bonnet Charitable Foundation as our concluding report of our **KINGS KOOKOUT SHELTER REPLACEMENT PROJECT**.

In 2019 the Eastman SnoPals Inc entered into an agreement with the Lac du Bonnet Charitable Foundation to solicit donations for our Kings Kookout Shelter Replacement Project utilizing the Rural Municipality of Lac du Bonnet as our Sponsoring Charitable Organization.

The project was a tremendous success and through this agreement and subsequent donation campaign , together with several grants, our club was able to realize the necessary funding to build a new 24' x 24' shelter.

This partnership was a critical aspect of the donation campaign and we believe that without the support of the Foundation and the RM of Lac du Bonnet we would not have been able to reach our goal as quickly as we did.

This type of partnership clearly, has the potential to help so many local non-profit groups reach their goals, strengthening the individual groups and making Lac du Bonnet a wonderful place to live, work and play.
